## Deafness Cannot Be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Now that we are having cooler weather, and cooler nights especially, the fish are beginning to bite in Elkhorn. Quite a number of our local Isaak Waltons have interviewed the shining beauties.

Chief Patriarch of the Order, Col. James Gibbons, has called a solemn convocation to invent new incantations for the deception of the finny tribes.

When you call for DeWitt's Witch Hazel Salve the great pile cure, don't accept anything else. Don't be talked in to accepting a substitute, for piles, for sores, for burns. Tyler & Hemphill.

## Veterans to Meet.

The National Association of Mexican War Veterans will be held in Louisville, commencing Wednesday, Sept. 21.

Every preparation will be made to extend to these time-worn and grizzled veterans an enthusiastic welcome.

Addresses will be made by Gov. Bradley and a number of other distinguished speakers.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. For sale by J. W. Gayle.

Royal makes the food pure, wholesome and delicious.

## A Discouraging Condition of Farm Life in Kentucky To-day.

Born and reared on a blue grass farm, in ante-bellum days, I felt curious to see if methods had changed and if it still retained many of its old-time charms. I visited several fine farms in Woodford and Fayette counties. Observation convinced me that the once ideal life existed no longer. All were fine farms owned by the occupants, each was located three and five miles from town. The servant question in

every instance had proved the bane of existence. They were compelled to endure the utmost incompetency and provoking insolence, from both man and maid servant.

Said the feminine heads of families, housekeeping on the farm is an endless drudgery, and cultivation is poorly remunerative. Those who are so unfortunate to be in the "horse business" said the difficulty of good service, and the high prices paid to the indifferent, consumes any profit which might accrue.

Said the perplexed farmer "what are we to do?" We can find no responsible renters for our farms and we cannot move to town and leave them to the depredator. So we must grin and bear it.

In Fayette county many large farms are being sub-divided and now the successful tiller of the soil is the man who does his own work, from milking the cows to hoeing and gathering his crop. Truly times have changed.

## Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters, and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hagerty, Lexington, Ky." Sold by J. W. Gayle, druggist.

## Nominees For Appellate Judge.

The following are the nominees for Judge of the Court of Appeals in the Third District:

Republican—Judge Wallace W. Jones.  
Democrat—Judge J. P. Hobson.  
Populist—W. P. Marsh.

## Skin Diseases.

For the speedy and permanent cure of tetter, salt rheum and eczema, Chamberlain's Eye and Skin Ointment is without an equal. It relieves the itching and smarting almost instantly and its continued use effects a permanent cure. It also cures itch, barber's itch, scald head, sore nipples, itching piles, chapped hands, chronic sore eyes and granulated lids.

Dr. Cad's Condition Powders for horses are the best tonic, blood purifier and vermifuge. Price, 25 cents. Sold by J. W. Gayle and LeCompte & Gayle Co.

## Dr. Miles' Heart Cure

Cures a Prominent Attorney.

M. R. O. PRELPA, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 50. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nervous system. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

Mrs. Mayhall was a good Christian woman and a member of Beech Ridge Baptist Church. The funeral was held on Wednesday, and the remains were buried in the Beech Ridge burying ground.

TRACY—At her home in this county, near Chateaufort, on Friday last Mrs. Lucy Tracy, wife of Mr. James Tracy, aged about 70 years. After many weary months of illness suffering this humble, earnest, Christian woman has reached the "sweet fields beyond the swelling flood"—the rest eternal.

She was a tender-hearted and loving woman, in every sense of the word, and went about the duties of life realizing that she was the "child of a King." She was a member of the Presbyterian Church.

The funeral services were conducted by Rev. George Darnie, on Saturday afternoon at the presence of a large number of friends and neighbors, and the remains were buried in the family burying ground.

GRANT—At her home near the Kentucky River Mills, on Monday morning, at 6 o'clock, Mrs. Willie F. Grant, wife of Mr. R. M. Grant, and daughter of Mr. Geo. E. Frazier, aged about 45 years.

Mrs. Grant was a woman of deep piety and gentle spirituality. Her life has been spent in earnest and zealous Christian work. She was a member of the First Presbyterian Church, of this city, and had been in bad health for a long time.

Up to the time of her confinement to the house she had been a ministering angel in the homes of many of the poor and humble of the city. Besides her father and mother, she leaves a husband and four children—Mrs. H. F. Lindsey, Mr. Thos. P. Grant and Misses Annie and Onie Grant—and a wide circle of friends to mourn her untimely death.

The funeral took place on Tuesday afternoon, and the remains were laid to rest in our cemetery.

Verily earth is poorer and heaven richer in the death of this good woman.

In Memoriam.

Died—At her home, near Jacksonville, Ky., May 18, 1878, Mrs. Sarah Pace, aged ninety-two years, six months and three days. She joined the Methodist Church when about fifteen years of age and lived a consistent, faithful, Christian life, was a devoted wife and mother.

Death had no terrors for this "Mother of the Ingleclids." We know that bright o'er her pathway all down the steps of time. She would often say to her children and grandchildren, "my earthwork is done, I am only waiting my Master's call." That the silver chords be loosed, the golden bowl be broken." How we miss her from her "customed seat at the Ingleclids." Let us know that beneath the earth-lid she is nursing the seed immortal and that she sleeps that deep, dreamless, marble sleep, by which Heaven is gained. The long, fierce ordeal has ended, the flames hurried out and from smoldering ashes, the purified spirit that has been faithful to the end, patiently bearing many crosses has heard the voice of the Great Shepherd and soared joyfully to the pearly gates of the city whose builder and maker is

God. The day bore her away on its wings, and as we stood by her open grave the dreary path and subliming of the rain chanted a long, thrilling requiem as the wet mound rose above the rolling, making it doubly harrowing to examine the dead to its long last resting place. But time bears precious healing on its broad pinions. So, in the infinite mercy of God, close at the heels of Azazel, follow the winged hours laden, like "Sisters of Charity," with balm for the bereaved ones. We fully realize that Heaven is for such as her when we think on the beautiful serene and unafflicting piety of her long well-spent life that she is with the white-robed throng "singing eternally as they shine." Having solved the "last great mystery," no longer aged, infirm, vain, waxen and silent, but infinitely youthful and radiant, her pure spirit now dwells among the immortals of eternity which transcend, how much we may not even guess, the flowers she loved so well here on earth.

"A deep in Jesus, blessed sleep, From which none ever wake to weep: A calm and undisturbed repose, Unbroken by the last of foes."

A GRANDDAUGHTER.

Back Home.

Sad News.

A telephone message from Mr. Sam Bush, in Louisville, brought the sad news yesterday that the body of Mr. John T. Murphy had been recovered from the water near Seattle, and identified. The terrible suspense has thus sadly terminated.

Admiral Dewey, with his usual foresight and realizing the situation, has asked the Government to send him another warship and cruiser to assist in maintaining order at Manila. He is emphatically the right man in the right place.

The body of Cadet Lieutenant Thomas Wheeler, son of Major Gen-

eral Joe Wheeler, who was accidentally drowned last week at Montauk Point, N. J., was taken back to Alabama and laid to rest in the family burying ground in Lawrence county.

Hon. Chas. Denby, ex-minister to China, in an interview, says that the United States should, by all means, retain all the Philippine Islands. That this is the only way to prevent further trouble among the nations. That there will be no use for a large army of occupation, as so soon as the fact is known, all parties there will acquiesce in the determination.

Serious trouble is feared in the Philippine Islands unless the group shall be taken into the control of the United States. The insurgents are strengthening themselves in every way and capturing the Spanish soldiery and positions in every direction. They openly assert that Spain shall never resume her sway there, and we don't blame them for it.

Private Jos. H. Morrison, Company G, 157th Indiana Volunteer Infantry has been the guest of his father, Mr. I. H. Morrison, in this city this week. His regiment has been ordered home to be mustered out of the service. Mr. Morrison was living in Indiana when the war broke out, and at once enlisted. He has a younger brother in the Second Kentucky Volunteers who went from this city.

Senator George Gray, of Delaware, has been appointed by the President on the Peace Commission and has accepted.

The Commission is composed of Senator C. W. Davis, of Minnesota; Senator Wm. P. Frye, of Maine; Senator George Gray, of Delaware; Secretary of State, Wm. R. Day, of Ohio; and Hon. Whitelaw Reid, of New York. They will sail for Paris to-day.

Private August Szymanski, Third Kentucky Volunteers, was at home from Camp Hamilton on Saturday. He says that he has no kick to make about his army life. He has had a plenty of good wholesome food and has fared as well generally as he expected.

He says that those fellows who are kicking so are men who went in the army for a frolic and picnic and not to endure the necessary hardships of soldier life. They don't have ice cream and strawberries, soft peaches and caeam but do have an abundance of everything that the regulations call for.

The President has urged the following named gentlemen among others to accept places on the committee requested by Secretary Alger to investigate the conduct of the war: Lieutenant General John M. Schofield, General John B. Gordon, General Greenville M. Dodge, President D. C. Gilman, General Charles F. Mander- son, Hon. Robert T. Lincoln, Hon. Daniel S. Lamont, Dr. W. W. Keen, Colonel Jas. A. Sexton.

The message that President McKinley addressed to each is: "Will you render the country a great service by accepting my appointment as a member of the committee to examine into the conduct of the Commissary, Quartermaster and Medical Bureaus of the War Department during the war, and

into the extent, causes and treatment of sickness in the field and in the camps? It is my desire that full and exact truth shall be ascertained and made known. I cannot too strongly impress upon you my earnest wish that this committee shall be of such high character as will command the complete confidence of the country, and I trust you will consent to serve. "WILLIAM MCKINLEY."

There is general regret expressed that Gen. John B. Gordon, of Georgia, is unable to serve on account of the delicate condition of his health.

We have used Chamberlain's Cough Remedy in our home for many years and bear cheerful testimony to its value as a medicine which should be in every family. In coughs and colds we have found it to be efficacious and in croup and whooping cough in children we deem it indispensable.—H. P. Ritter, 4127 Fairfax ave., St. Louis, Mo. For sale by J. W. Gayle.

### MUSICAL QUESTIONS.

Where to Buy Pianos, What to Buy, and How to Buy.—Chicago Advantages Unequaled in Any Other City.

A piano is an educator. It is two things in one—a musical instrument and a piece of furniture. As an educator it frequently is the center of home life, and around it the family gathers for pleasure and inspiration. The child with an ear for music should have a musical instrument worthy of its young life, and for a young life with melody in its soul none is too good. The first question is where to go to decide upon what to buy. It is true business sense to look upon a piano as an investment. It is reason to decide that a piano house that sells the greatest number of instruments can give the best bargains. There are bargains and bargains. The real bargain is when a house with the largest trade, and with a reputation worth ten thousand pianos to uphold tells you it is a bargain. It is time that tests an instrument, and buyers of pianos do not buy for a month or a year. A good toned instrument that continues good for ten, twenty, thirty or more years, is the instrument to think about, providing you can afford it.

### Where to Buy.

Go to the largest retail music store in the world, Lyon & Healey, Chicago. Here you find ten stores in one, with a piano auditorium giving unlimited range for choice, but at a comparative rent far below the very smallest store. This must be your most favorable place, because you find hundreds of pianos ranging from \$50 to \$1,500, from which to select. Here are pianos from ten manufacturers, fifty styles and fifteen kinds of cases not including any of the unreliable grades of wood. This is a house where the buyers place themselves in the hands of the salesmen and know that they are safe in doing so.

Buying a Piano \$75 Saved.

For sale a fine new piano, \$75 less than dealers or manufacturers' price. Piano is brand new, just from factory, contains all latest improvements, attractive and up-to-date in style. Piano fully guaranteed. It will only cost you one cent to investigate the above facts and you will be surprised to find out how cheap you can procure this fine piano. For illustrated catalogue and price, address postal or letter to "Piano," care of ROUNDABOUT, or call at the office.

### Pianos and Organs.

The grandest bargains ever offered in Frankfort. See S. B. Kirtley's locals in this issue.

S. B. Kirtley, representing Lyon & Healey, will be in Frankfort soon. Leave your name and address at the office of ROUNDABOUT and he will advise you when he will be in Frankfort, or drop him a line. Address S. B. Kirtley, care of ROUNDABOUT office, Frankfort, Ky.

# How Old She Looks

Poor clothes cannot make you look old. Even pale cheeks won't do it. Your household cares may be heavy and disappointments may be deep, but they cannot make you look old.

One thing does it and never fails. It is impossible to look young with the color of seventy years in your hair.

# Ayer's Hair Vigor

permanently postpones the tell-tale signs of age. Used according to directions it gradually brings back the color of youth. At fifty your hair may look as it did at fifteen. It thickens the hair also; stops it from falling out; and cleanses the scalp from dandruff. Shall we send you our book on the Hair and its Diseases?

**The Best Advice Free.**  
If you do not obtain all the benefits you expected from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system, which may be easily removed. Address, Dr. J. C. Ayer, Lowell, Mass.

### LOUISVILLE TOBACCO MARKET.

FURNISHED BY GLOVER & DURRETT  
LOUISVILLE TOBACCO WAREHOUSE.

Sales on our market for the week just closed amount to 1,045 hhds., with receipts for the same period of 493 hhds. Sales on our market since January 1st amount to 80,856 hhds. Sales of the crop of 1898 on our market to this date amount to 65,945 hhds.

We can note no improvement over last week's unsatisfactory market. The offerings have generally been common and colory trashes are about the only grade that has met with a very brisk demand. On Wednesday the rejections were quite heavy and in consequence there was a better feeling on Thursday and sales were decidedly more satisfactory. The little good to fine leaf sold this week ranged in price from \$14.73 to \$18.75. Reports from the growing crop are encouraging and indicate that it is being rapidly housed. The recent sudden change to cooler weather will no doubt prevent much damage that would have occurred if the hot sultry weather had continued.

The following quotations fairly represent our market for burley to-bacco 1898 crop:

**Stringtown.**  
To acco pretty much cut with us. Mrs. S. H. Bryant, who has been quite low with typhoid fever, we are glad to report much better.

Mrs. Mary Tharp is very low with pneumonia near Frankfort.

Mr. N. P. Duncan, of Louisville, is in our vicinity canvassing for a riveting machine which we concede to be the best thing out. Every farmer should buy one and economize thereby.

We are sorry indeed to make mention of the fact that Mr. James Mitchell, of Jacksonville, has made an assignment, Mr. Newt. Hazelett, being the assignee.

Mr. Wilson Miles may not knock out Corbett or Fitzsimmons the first round, but the good Lord only knows what he would do in the second. Aren't I right, Wilson? Hat hat try'em a jolt, Wilson, I'll back you.

You will always find Messrs. G. F. Montgomery and Lewis Lee at their respective points of business, ready and willing to wait on customers, and at such prices that defy competition.

A wedding is rumored to occur some time in the near future, in our vicinity. Now it ain't me, and I don't propose telling who it is, but I think the prospects are flattering and the key note has been sounded. Keep your shoes blacked and your starching collars stiffened up.

Our most worthy friend and very prominent citizen, Mr. Ed Silgers, has met with the misfortune to lose some three head of weanling calves within the last four weeks. They are found dead and from an unknown cause. Mr. Silgers paid good money for them as they have been very high, in fact, out of proportion.

Mr. Anthony Stump is still living and enjoying the comforts of good health, of which we are proud to report, and, should anything turn up to the contrary, we will report in our next.

Now if you are not a subscriber to the ROUNDABOUT you may miss a great deal of reading matter of a local character that might interest you. Therefore I advise you at once to see George, and give him \$1 and he will forward the paper to your

address, and you will be posted as to what's going on.

When we have a good rain and a good time for digging, I will dig the worms and Close Observer and I will go fishing, and what a time we will have. Cat fish, 12c.; white perch, 11c., and ordinary tribes at ordinary prices. CATCH'EM.

SMITH—In memory of Mrs. Margaret Smith, who died at her home September 7, 1898. She was a devoted member of the Christian Church at Antioch. Our loved sister has gone but passed from the care of earth to the joy of heaven. Calmly she sleeps beneath the cold sod, hands folded, sweetly smiling even in death. No trace of the suffering and agony she so patiently endured. But with sweet resignation to God's will, the poor, tired, toil-worn spirit has soared to fields eternal and folded its weary pinions, resting now in the arms of Him who died so that we might live. Hard, loved ones, the struggle. How can we give thee up? But thy will, O! God, be done. We have strewn thy grave with flowers, watered them with tears. Soon alas! they will fade, but, in our hearts, thy name and form will ever live. Farewell, sweet be thy rest, dearest sister, and when death comes may it find us, too, resigned, and in that bright beyond, we will clasp glad hands to part no more.

"Death has called away the loved one. In the lonely grave to lie; Yet her soul now is resting In that home beyond the sky. Dearest sister, how you suffered, Till God called you from your pain To that bright and holy mansion, Where endless years with him to reign.

"We loved her; yes we loved her, But angels loved her more, And they have sweetly called her To the grander shining shore. The golden gates were open; A gentle voice said 'come; And, with farewell unspoken, She calmly entered home.

"Oh sadly do we miss you, No earthly tongue can tell, But in heaven we hope to meet you, For God doeth all things well. Far beyond this world of care, Soon we will find our loved one waiting In our Father's mansion fair; Yes! she has gone, but not forgotten. By the ones left lonely here; And 'ere long we hope to meet her In that bright and glorious dawn."

FRANKFORT, SEPTEMBER 17, 1898.

### Forks of Elkhorn.

Misses Ida Stone and Ruby Gatewood, of Frankfort, are the guests of Mrs. Joe Holton.

Messames South and Petty spent part of the week at Paik's Mill.

In our last issue we stated that Capt. Jerry South was in our village. Instead it was Lieut. Sam South, whose regiment is now at Lexington.

Messrs. Barry and Tom South, Harry Greenup and Wade Triplett have returned from Chickamauga where they have been in business.

Miss Minnie Howe has returned home after a stay with her little cousins, Misses Williams, of Frankfort.

Mr. Howard Stedman visited friends at Steadmantown this week.

Miss Lizale Adkins and Oscar Suter attended Church at Switzer on Sunday night.

Miss Annie Redd spent part of last week with Miss Mayme Gallahue.

Miss Bettie Bowen and brother, Tom, are attending school of Excelsior Institute this year.

Fishing is quite a fad with the loafers this pleasant weather, as the sun is not so hot as to require them to hunt the shade, so they sit from morning till eve on the banks of the creek.

Miss Louie Lucas is visiting friends in Monterey this week.

ONLY ME.

### The Best Remedy for Flux.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by J. W. Gayle.

### Zilpah.

[DELAYED LETTER.]

Mrs. Marquess Moore, who has been confined to her room for several days with catarrh of the throat, is better.

Mr. Ira Moore is on the sick list this week.

Uncle Roud seems to be taking a vacation from his profession as musician and looking after the comfort and pleasure of the ladies. That's right, Uncle Roud, be useful and handy as well as ornamental.

Mr. James Mitchell, merchant at this place, assigned this week.

Well, Cutch'em, in answer to your query wanting to know where you

could change a five for two tens, would say probably if you would call on the widow she would be generous enough to comply with your wish. As to the screw driver and monkey-wrench possibly Dr. P. could furnish them.

Mr. Tom Long, of this community, was on jockey row Monday. Tom will trade some times if he gets left.

All right, Cutch'em, I will surely keep you posted in regard to what transpires in this latitude. Dr. M. and George B. seem to be progressing in their profession nicely, especially George.

Mrs. Lee Cook, who has been criticized, if for several days, we are glad to say, is somewhat improved.

Quite a number from this community attended the dedication at Harvieland Sunday last, and such a muddy gang you never saw. It was a great thing that it was. Plenty of soap and water after the rain.

CLOSE OBSERVER.

### Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking the first dose, that she slept all night and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammeck & Co., of Shelby, N. C. Trial bottles sent by J. W. Gayle's drug store. Regular size 50¢ and \$1. Every bottle guaranteed.

## A CRITICAL TIME During the Battle of Santiago.

Sick or Well a Rush Night And Day.

The Packers at the Battle of Santiago Call We a Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago De Cuba on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the front line supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way to get supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by J. W. Gayle.
